

Purchase a Dakota PC Buyback Plan

This Dakota PC Buyback plan can help you upgrade more affordably, easily, and responsibly. It will lock in your trade-in values today so you know what you'll get for your device in the future. When you're ready to upgrade, bring your device into any Dakota PC Warehouse store. If you return your device on time and in good condition, you'll receive store credit for your buyback amount in the mail. We'll ensure your device is reused or recycled to protect the environment.

The Dakota PC Buyback plan can be used with any computer or TV. The term device applies to either of these products purchased from any of the Dakota PC Warehouse stores.

Dakota PC Buyback Amounts

(As % of Device Purchase Price)

0-6 Months	60%
6-12 Months	50%
12-18 Months	40%
18-24 Months	30%
24-36 Months	20%

Programs are purchased for only one PC/TV.
Non transferrable to other PCs , TVs or people.

How the Dakota PC Buyback Plan Works

Step 1: Start with a New, Recertified, or Used Device

Purchase an eligible device from your favorite Dakota PC Warehouse store. The Dakota PC Buyback plan can be used with any computer or TV.

Step 2: Purchase a Dakota PC Buyback plan for your device

By paying the low, one-time service fee for a Dakota PC Buyback plan, you can lock in Buyback amounts that we will pay to you depending on when you bring the device to us.

Step 3: Use the device for up to the length of the term.

You can return your device anytime during the three year term. You will receive a higher buyback amount if you return the device sooner in the term, which allows you the flexibility to upgrade at a great price during the three years.

Step 4: Return the device to us before the end of the term

When you decide you want to return the device to us and receive your payment, stop in the store and talk with any of your local sales people.

Step 5: Receive your buyback amount

After we receive the device and inspect it to make sure that it is still in good condition, we will send you store credit for the appropriate buyback amount. You can use your buyback amount to buy a new, more powerful device, or whatever you want.

Note: The actual terms of the Dakota PC Buyback Agreement control the legal obligations of the Dakota PC Buyback service. In the event of a conflict between the Dakota PC Buyback Agreement and these descriptions, the terms of the Dakota PC Buyback Agreement shall control.

Why Should I Purchase a Dakota PC Buyback Plan?

Get value out of your device when you're done with it.

Plan ahead by purchasing a Dakota PC Buyback plan for your current device to ensure that you can cash in on its value later. We guarantee future trade-in values for your device, and all you have to do is keep it in good condition for as long as you own it. The next time you want to replace your device, you'll be able to use your buyback amount towards the purchase of your new device.

Ensure your device will be reused or recycled.

A Dakota PC Buyback plan is a great way to ensure your device is reused instead of just dumped in the garbage. We guarantee an amount we'll pay you for the device.

Dakota PC will mail you store credit after we inspect your device.

As long as your device is in good condition and returned on time, you will receive store credit within 30 days of return of your device for your Dakota PC Buyback amount.

No obligation to return your device.

You can keep your device for as long as you want—you are under no obligation to return it. Your buyback term will eventually expire—and you will probably want to upgrade before then anyway.

Make sure you can cash in on your device when it becomes obsolete.

A Dakota PC Buyback plan ensures that you can receive a specific price from us when your device is no longer useful to you.

FAQ—Frequently Asked Questions

What types of devices are eligible for a Dakota PC Buyback plan?

New, recertified, and used devices in the following product categories are eligible for the Dakota PC Buyback service: laptop computers, desktop computers, and flat-screen LCD/LED TVs.

How does the Dakota PC Buyback term length work?

The term length for a Dakota PC Buyback plan is three years, which means that you can return your device anytime during the three year term. You will receive a higher Buyback amount if you return the device sooner in the term, which allows you the flexibility to upgrade at a great price during the entire three year term.

Is the service fee an annual, monthly, or one-time fee?

The service fee is a one-time fee to purchase a Dakota PC Buyback plan. There are no annual or monthly fees for using Dakota PC Buyback plans.

How will I get paid for my device when I bring it in?

Once we receive and test your device, we will mail you your buyback amount within 30 days. Your buyback amount will be in the form of store credit.

What happens if I don't take very good care of my device?

The device must be returned to us in at least "Good Condition" to receive the full buyback amount. Devices deemed to be in "Poor Condition" will be accepted, but your buyback amount will be reduced by 50%. Devices returned in "Substantially Impaired" condition will be considered a rejected device and thus, we will not refund your service fee or pay your buyback amount.

What happens if I decide later that I want to keep my device?

You retain the right to keep your device. You should be aware, however, that we cannot refund the service fee of the buyback.

What happens to my information when I return the PC?

We will erase all information on the PC using a software overwrite, magnetic degaussing, and/or physically destroying the hard drive.

Does a Dakota PC Buyback plan protect me from rapid changes in technology?

Yes, a Dakota PC Buyback plan is the perfect product for you if you believe that a new technology will be coming out soon that will make you want to upgrade. At any point during the Buyback term, you can return your device in at least good condition and receive the buyback amount.

How can I find out more about the Dakota PC Buyback Plan?
